

Blu-ray and HD DVD new and upcoming releases list

Just found a really useful website for the advanced movie collectors and I am in a hurry to share it with all of you

:)As you may already know, usual DVD discs are going out of fashion as well as a small CRT TVs.

Blu-ray and HD DVD are on the way and they are not a future, they are present. Do not lag behind life, switch to the new technologies. No more empty words. Yes, I found fresh latest Blu-ray and HD DVD releases list including upcoming ones! For Blu-ray movie releases follow the link: <http://bluray.highdefdigest.com/releasedates.html> For HD DVD movie releases follow the link: <http://hddvd.highdefdigest.com/releasedates.html>
